INTERNAL TRAINING DAY

Scottish Widows were after a contemporary space with elated audio-visual to be able to host their internal training day. The Ministry's ground floor spaces provided the unique set-up that they were after.

60 guests attended the training day, so furniture was needed for a cabaret-style setup. City Furniture Hire supplied D-end tables with black tablecloths and used in-house event chairs. The event also took over two of the Meeting Rooms for more intense discussions and training with the senior leadership teams of the company.

The technology available withing the meeting rooms ensured engagement with the attendees, and a champagne and cocktail drinks reception, combined with bowl food service from The London Kitchen, ended the event.

“All 60 people were new to the building and were absolutely stunned by the vibe, décor, and general feel of the building along with the event organisation., staff and av. It suited us more than any other venue we have used previously in London!”
