I DO

A VENUE LIKE NO OTHER

The Ministry

What was once a bustling Victorian factory is now a venue that blends industrial edge with contemporary cool. Think exposed brick, a long copper bar, original panelled flooring, statement lighting, and old wall markings that hint at the building's past.

Four distinct spaces, all designed to turn heads—from toasts in the stylish Lounge to all-night moves in The Bar and belly laughs under the night sky in The Garden. Whether it's a dinner for 170 of your favourites or taking the night into full party mode with 300 friends, there's no better place to make your wedding stand out. Sound good? Time to pick from our three hassle-free celebration styles.

We both had an absolutely fabulous wedding day and evening - we really enjoyed it and so did our guests. Many thanks for all you did for us before and during our wedding day and for making our time at The Ministry so enjoyable. Our guests loved the venue. We had a wonderful experience working with The Ministry for our civil partnership.

The venue itself is beautiful and very flexible, the food and drink were really high-quality, and everyone we met, operated at a really high level, while always being friendly and approachable. They gave us lots of time and attention and went above and beyond to make sure we and our guests had the experience we wanted.

Planning the day was an absolute dream, and the execution on the day couldn't have been better. The attention to detail was second to none. The wedding day was pure perfection. My husband and I could relax entirely and enjoy the fruits of the previous months hard work. The team here are true experts in their field and I would recommend them a hundred times over.

I just wanted to thank you for looking after us on. Your staff were incredible, and we had the most amazing day and so did our guests (some more than others). It's been nearly six weeks since our fabulous day and we are still on a high! We keep meeting up with friends and family and the stories are still making us smile.

It was simply outstanding. Both of us can't quite believe how awesome the day was. The venue worked perfectly and just felt like home. We can still smell the distinctive smell of the place! The White Space is the perfect room for a ceremony (decorated perfectly!) and when we came back into the room for the dinner - it blew our minds - that welcome we got was breathtaking!

So many memories to cherish and as we both replay the day in our heads, we remember new things - it was the best it could possibly be, and we are so hugely grateful for everything you did. You genuinely cared about the whole day, and we felt the love. Sometimes you just get lucky, and on this important occasion, we absolutely did. You nailed it guys - it's gone down as the best event anyone has ever been to!
